Castles in Scotland

Every summer, thousands of tourists come to Scotland. Many of them want to see the beautiful castles. One of them is Edinburgh Castle.

There are lots of lakes in Scotland. The Scottish word for lake is 'loch'. Loch Ness is a famous lake.

Some people say there's a monster in that lake. The monster is called Nessie. Is Nessie a fish? A dinosaur? Nobody knows.

Urquhart Castle is on Loch Ness. It's one of the oldest and biggest castles in Scotland. It's more than 800 years old.

I think picture ...
is Loch Ness.

I think so, too.
